

Reality Check: Data, Security & Risk

**MOST BUSINESSES HAVE YET TO MAKE
CYBERSECURITY THEIR TOP PRIORITY**

**“Cybercrime is the greatest threat
to every company in the world.”**

- Ginni Rommety - Chairman, President and CEO of IBM

158,727
records stolen from
breaches every hour,
2,645 per minute,
44 every second¹

Only 38% of global organizations
claim they are prepared to handle
a sophisticated cyber attack²

49% of organizations globally said they've
been a victim of fraud and economic crime
- up from 36%³

On average, it takes
191 days (more than 6 months)
for organizations to identify
a data breach⁴

Over **75%**
of the health care
industry has been
infected with
**malware over
the last year**²

41% 
of companies have
1,000+
sensitive files including
credit card numbers
and health records
left unprotected⁵

The average cost in time
of a malware attack is
50 days⁶
